

15-06-04 Property Addressing, Street Naming, and Design Standards

- E. **Building Identification.** All buildings shall have numbers, and such numbers shall be identified using the following standards:
1. Background. Numbers shall be set on a background of a contrasting color.
 2. Size. Numbers shall be large enough to be seen easily from the street.
 3. Visibility. When a dwelling is some distance from a street or when view of the dwelling is blocked by trees or shrubs, numbers should be displayed on a sign attached to a fence, gate, street mailbox, or lawn stake.
 4. Corner Lots. On corner lots, house numbers should face the street named in the address.
