

17.15.020: DEVELOPMENT STANDARDS:

Refer to the base zoning district for all use, setback, area and lot width, building height, and vehicular circulation and parking requirements. The sand and gravel overlay zone shall not impose any greater requirements for site development than those that currently exist within this chapter. See the mineral extraction and excavation zone (chapter 17.13 of this title) for all requirements. (Ord. 2006-12, 9-26-2006)
