

17.22.100: HANDICAPPED PARKING:

A. Handicapped parking spaces shall be provided in off street parking lots and shall count towards fulfilling the minimum automobile required parking. The number of handicapped parking spaces required shall be one space, plus one additional space per each sixty (60) parking spaces up to three hundred (300) parking spaces. One additional handicapped parking space shall be designated for each two hundred (200) parking spaces over the first three hundred (300) within the parking lot. Wherever the number of spaces required is a fraction, one handicapped space shall be added if the fraction is 0.5 or greater.

B. Handicapped parking spaces shall be located as near as practical to a primary building entrance with access ramps negotiable for all handicapped equipment. Each parking space shall be identified by a permanently affixed reflectorized sign; surface identification painting depicting the standard symbol for handicapped parking shall be provided on a paved surface. (Ord. 2004-10, 8-10-2004)
