

Section 710 Coordination by State Health and Building Officials and Inspectors.

The government of Daggett County find that it is in the interest of the county for purposes of coordination and efficient provision of government services to be informed of, and coordinated with, officials of the State of Utah as they perform their numerous tasks of inspections for state health and other state regulations. Therefore State inspectors and agents of the Utah State Tax Commission shall notify the Daggett County Building Inspector of all state inspections of new or existing development within Daggett County, and of all state-issued permits granted, denied, or renewed within Daggett County.

Daggett County reserves the right to deny occupancy, construction, development, or any use where a State inspection or permit was not previously coordinated with Daggett County prior to its issuance.
