

32B-8. Window Signs.

Signs displayed in windows of buildings or storefronts are permitted. A Sign Permit is not required for their display, provided the following standards are met:

- A. Size limit. Window signage shall occupy no more than twenty-five percent (25%) of the area of the window in which the signs are displayed. In no event shall window signage exceed sixteen (16) square feet in any one (1) window that would reduce air and/or light.
 - B. Prohibited features of window signs. No window sign, not any other sign within a building or structure shall flash, rotate or be mechanically or electronically animated in any way so as to be visible from outside of the building or structure for purposes of public safety.
