

15-03-11 Planned Unit Development District

C. Development Requirements for Planned Unit Developments. To be approved, a PUD project must show a high commitment to excellence, ensuring quality of life for future tenants and no significant effects on area property values. The following are required for all PUD projects:

5. Building Materials. Building materials, roofing materials, and building design shall be reviewed and approved by the Planning Commission. High quality exterior materials shall be used including brick, stone, synthetic stucco, prefinished panel, or other materials of similar quality, durability, and low maintenance as accepted by the Planning Commission.
